Wesleyan Theology

3 credit hours

Tuition: credit \$ 135; audit \$ 90

Instructor: Rev. Tim Maybray

This course provides significant exposure to the major theological / philosophical differences between Calvinism and Wesleyan-Arminianism. The course will focus on the Wesley brothers' theology of salvation, particularly their understanding of Christian perfection and personal holiness, as expressed in John's sermons and in Charles' hymns. An understanding of the Wesleyan quadrilateral provides a perspective for understanding Wesleyan thought. The course will sharpen the distinctions between Calvinist and Wesleyan theologies and the implications of both particularly as it impacts the biblical message of holiness.

You will need to download items for the class at

www.keystonefmc.org/pctr.

Documents will include list of books and assignments. Pay special attention to reading and assignments that must be completed prior to arriving for the first weekend.
